The European watch on cybersecurity & privacy

Cybersecurity for healthcare: human and legal perspectives

Panacea

People-centric cybersecurity in healthcare

CAVAS

Webinar | September 26, 2019

Funded by the European Commission
Horizon 2020 – Grant # 740129

New challenges in the digital era

- **Digital era – better care and efficiency**
- High-profile attacks: WannaCry
- Impact - € billions & massive disruption
- Varying technologies and devices in hospitals
- How ready are health institutions and professionals?
- What are the risks and can they be mitigated?
- How is health data different from other data?
- What about EU legislation: GDPR & NIS Directive?

Cybersecurity for healthcare: human and legal perspectives

- **11:00 – 11:05 –** Welcome and challenges for healthcare in the new EU landscape - Nicholas Ferguson Trust-IT Services & Cyberwatching.eu

- **11:05 – 11:15 –** Cyber security from a healthcare professional perspective - Sabina Magalini, Fondazione Policlinico Universitario Gemelli & PANACEA

- **11:15 – 11:25 –** Management of cybersecurity governance in healthcare infrastructures - Raniero Rapone, AON

- **11:25 – 11:35 –** A Novice's Guide to build a solid GDPR Data Protection Compliance Framework: a focus on the healthcare sector – Anastasia Botsi, ICT Legal Consulting

- **11:35 - 11:45 –** Cybersecurity, EU data protection law and risk assessment in the eHealth sector - Eva Schlehahn - Unabhängiges Landeszentrum für Datenschutz & CANVAS

- **11:45 – 12:00** Q&A and final remarks
